Brand Profile

JUANG JIA GUOO CO., LTD (JIG PACK) is a professional paper bag manufacturer in Taiwan.

The company was established in 1950 and started manufacturing paper bags for two categories - disposable packaging paper bags and agricultural fruit protection bags for optimizing fruit maturation.

The company has since expanded its capacities with continuous investment in the latest paper packaging technology to supply quality products to end users. Today, JIG PACK has around 200 employees serving customers over the world. Our expertise and continuous training have obtained the ISO22000, HACCP, FSC, and FSSC 22000 certifications.

We are committed to providing our customers with excel paper bag manufacturing, and aftersales service at a reasonable price. We listen to the differences for each market and work closely with our customers to create a long-term trusty worthy relationship.

Certification

FSC | HACCP | ISO 22000 | FSSC 22000

★ FSC (License Code: C136337)

FSC's "tick tree" logo is used to indicate that products are certified under the FSC system. When you see the FSC logo on a label, you can buy forest products with confidence that you are helping to ensure our forests are alive for generations to come.

★ HACCP

HACCP Certification is a system that recognizes that a food business has developed, documented, and implemented systems and procedures under HACCP. HACCP stands for Hazard Analysis Critical Control point and is an index to help identify and control food safety hazards that may occur within the food business.

★ ISO 22000

ISO 22000 is an internationally recognized standard that combines the ISO9001 approach to food safety management and HACCP for the assurance of food safety at all levels. The standard maps out how an organization can demonstrate its ability to control safety hazards to ensure that food is safe.

★ FSSC 22000

FSSC 22000 is a Food Safety Management Certification Scheme, managed by Foundation FSSC 22000 and governed by an independent Board of Stakeholders which consists of representatives from several sectors in the food industry. FSSC 22000 is used to control food safety risks.

The Food Safety Certification requirements provide a rigorous system to manage food safety risks and provide safe products for use by companies in the food industry.

FSSC 22000 is a GFSI-recognized food safety certification. This allows your customers to have confidence in your food safety program and know that you have a rigorous food safety system in place.
